It's show season for Procella Audio! We're going to be exhibiting in both Europe and the U.S.A., making it as easy as possible for the widest group of dealers and international distributors to meet with us and see and hear Procella speakers.

For U.S. and international visitors to CES, we will be sharing a suite in the Hilton hotel, which is adjacent to the Convention Center. You'll find us in Suite 2110, where we will be partnered with Sim2, and we will have a P8/P6/P15 working 5.1 demo system. Anders Uggelberg and Chuck Back will be there from Thursday, January 6 to Sunday, January 9.

Our European presentation will be in Amsterdam, between February 1 and February 3, at Integrated Systems Europe. The show is at the Rai Centre, and we are exhibiting in Booth 4Q70, from Tuesday, February 1 through Thursday, February 3. We'll have the whole product lineup on display, including active P815s and P18s. Gerben Van Duyf will be joining Anders and Chuck at the show.

If you're attending either show, please contact us in advance. We'll be happy to set up a meeting at your convenience for a conversation and demo! Contact [Chuck Back](#) to set the schedule. For
